HOHENSCHILD TRIAL TOMORROW; VENUE CHANGE IS DENIED

Judge Killoren Decides Prejudice Does Not Exist to Extent That He Could Not Get Fair Trial Here.

DEFENSE HINTS AT PLAN FOR APPEAL

Charge Based on Deposit at Night and Day Bank by O. M. Waites Day It Closed Likely to Be Called First.

H. H. Hohenschchild, president of the defendant Night and Day Bank, will go to trial in St. Louis tomorrow on one of 19 indictments charging him with assisting to receipt of deposits after he knew the bank was in a failing condition. He was denied a change of venue under any of the indictments by Circuit Judge Killoren today.

Judge Killoren read a memorandum announcing his decision on the application of the defense for a change of venue. "I have come to the conclusion that prejudice does not exist to such a degree in St. Louis as to prevent the selection of an impartial jury for the trial of Hohenschchild," he said.

Statement by Defense Counsel. Hohenschchild's lawyers, Patrick H. Cullen and Walter Hensley, obtained the minutes to confer with their client. After this conference Cullen said:

"I think the best thing we can do now is to go to trial. This case is grotesque; it won't stand up in the Supreme Court. We might as well go to bat now."

This was taken as an indication of a possible basis for an appeal. Hohenschchild is convicted in the case.

Attorney Asks for Time. Cullen told the court the defense was ready for trial. Circuit Attorney Hensley appeared to be nonplussed. "I would like a little time, your honor, to marshal our witnesses. We don't expect this thing to come to a head so quickly."

Cullen asked which indictment the state would try first. Sidener said he presumed the defense would be the same in all the cases. Hensley said it was not for the circuit attorney to presume that. Sidener said the cases were all the same, only the witnesses were different. Cullen said that was the only difference between any cases.

Rule Looking for Witnesses. The state was given until 2 p. m. today to elect which of the 19 indictments it chooses to try first. At that hour Circuit Attorney Sidener announced he was not ready to designate the case. He said he had a rule looking up the witnesses in the various cases, each of which is based on a deposit made by an individual. Cullen said that if the state would not elect, he would ask to have the state proceed with the indictments in the numerical order in which they were docketed. He asked that the first one be called, No. 18.

"You're not going to dictate to me which case I'll try," said Sidener. The assistant, I. Joel Wilson, said, "Your honor, we have practically agreed to go with No. 18."

The judge told Cullen that if the state called No. 18, and he was not ready in that case he could get a continuance.

Case No. 18 is based on a deposit of \$1050 by Otilius M. Waites of 2844 Delmar boulevard, Jan. 5 last, the day the bank was closed. Among the witnesses whose names are in connection with this indictment are: Frank J. Schneider of 4174 Kosciusko avenue, former bookkeeper at the bank, who was absent when a subpoena came against Hohenschchild called at Linn, Mo.; Wilmer L. Johnson of 1915 Maffitt avenue, former teller at the bank; Donald Ross and Roy Nieman, state bank examiners, who examined the bank; and George W. Hobbs, a former bank examiner.

Witnesses under the various indictments were excused until 10 a. m. tomorrow, with the understanding that selection of a jury would begin then, probably for case No. 18.

Witnesses Testified Yesterday for Hohenschchild. The court heard testimony yesterday in support of the allegation by the defense that Hohenschchild could not get a fair trial here, and in support of the state's contention that he could.

WOMAN BEAN PICKER ACCEPTS \$25,000 IN ALIENATION SUIT

Mrs. Howard of Castile, N. Y., Agrees on Compromise With Heir; Was in Poor Health.

By the Associated Press. WARSAW, N. Y., Nov. 21.—The suit brought by Mrs. James O. Howard of Castile, against Margaret E. Pierce, heiress, for the alienation of the affections of Mrs. Howard's 44-year-old husband, has been settled for \$25,000. A jury in September gave Mrs. Howard a verdict of \$42,500, and an appeal was taken.

Mrs. Howard, who was in poor health and compelled to earn her living by picking beans, decided to accept a compromise. Miss Pierce married Lyle Smith, a village youth of her own age, after the verdict was returned. The grounds for the suit were occurrences when she was 16 years old. The plaintiff's husband was gardener on the Pierce estate.

PLEA FOR FAMILY BARRED BY FEDERAL JUDGE FARIS

Defendant "Not on Trial for Polygamy" Jurist Tells Lawyer Injecting Sentiment in Liquor Case.

Federal Judge Faris, in court today, announced that hereafter counsel for defendants in liquor cases would not be permitted to bring before the jury the facts that their clients are married or have children to support.

Counsel for Andrew Manistar, 50 years old, a saloon keeper of 2700 Market street, on trial for selling liquor to a police-informer, had just asked, "Are you married?" when the court interrupted: "One moment! I sustain an objection and I want to announce right now I am going to fine some lawyers if they persist in asking that question. It doesn't make any difference if he has one wife or ten, one child or fifty. He is not on trial for polygamy."

The jury returned a verdict of guilty after deliberating for three minutes.

MAN AND DAUGHTER BADLY HURT WHEN DYNAMITE CAPS EXPLODE

Carthage (Mo.) Resident Was Carrying Box in His Arms—Chances for Recovery Slight.

Special to the Post-Dispatch. CARTHAGE, Mo., Nov. 21.—James Potts, 68 years old, and his daughter, Katherine, 13, were probably fatally injured this afternoon when a box containing 1000 dynamite caps blew up in Potts' arms. The accident happened in a Pottery yard, just as the girl passed her father on her way into the house from school.

Where it was taken to a hospital, where it was said chances for their recovery are slight. The eyes of both were torn and their bodies terribly injured.

VERDICT BY CUTTING OF CARDS

Lieutenant-Governor Convicted in That Way, Jurors Say.

By the Associated Press. SIOUX FALLS, S. D., Nov. 21.—A verdict of guilty returned against Governor W. Edgar, three times candidate for Governor of South Dakota, on a charge of making false returns to insurance companies and resulting in his being sentenced to two years in the state penitentiary, was obtained through cutting playing cards according to affidavits filed in Circuit Court here yesterday by two of the jurors in the case. Affidavits, sworn to by two of the jurors, were filed in support of a motion for a new trial.

WETS WOULD LET JURIES SAY WHAT IS INTOXICATING

Secretaries of Association Also Would Leave Enforcement of Dry Laws in Hands of States.

OPPOSE RETURN OF THE SALOON

Inquiry Planned to Find a System of Liquor Distribution Which Will Not Permit Barrooms.

State secretaries of the Association Opposed to the Prohibition Amendment, who close their two-day national conference at Hotel Jefferson tonight, have tentatively adopted a program containing five outstanding points which they will seek to make effective. The points are:

1. Amendment of the Volstead law so that the determination of what alcoholic content in a beverage renders it intoxicating rests with juries.
2. Passage of laws or repeal of present laws so that the enforcement of the eighteenth amendment will be placed in the hands of state officials, instead of under the Federal Government.
3. Investigation of the liquor problem in other countries with a view to recommending a system of liquor distribution here which will not permit of the return of the saloon, to which the association is opposed.
4. Passage of a law requiring all organizations seeking to effect legislation to file expense accounts. This suggestion, W. H. Stanton, general director of the association, admits is leveled at the Anti-Saloon League.
5. Appointment of Congressmen to a committee of investigation of the liquor problem in Maryland and Senator Edwards of New Jersey as spokesmen in Congress for the association.

To Appoint Committees. This program had been virtually passed upon when the first day's session closed last night and the work of today was limited to amplification of those general subjects and appointment of committees to handle the various matters involved. Suggestions made yesterday by delegates that the association issue a magazine or newspaper to get its views before the public were rejected during the conference this morning. The delegates decided that the only publication of the association should be a bulletin containing reports of the association activities, but no propaganda.

A committee on crime statistics today reported that a comparison of convictions for all crimes in the 56 largest cities of the United States, taken one month in 1920 with the same month in 1921 shows an increase of 38 per cent in the number of convictions for all crimes in the 56 largest cities of the United States. It was reported that the Department at Washington will issue a report tomorrow showing a comparison of crime statistics for 1917 and 1922. This report, the committee believes, will show the effect of prohibition on crime.

Crime Increase Claimed. William H. Stanton, vice president and general director of the association, issued a lengthy statement today declaring, in general terms, that prohibition has increased crime materially.

The conference went on record last yesterday as being "unalterably opposed" to the return of saloons by adoption of the following resolution:

"Resolved, That this conference go on record as unalterably opposed to the saloon, and that the Advisory Committee be instructed to prepare and recommend to the various State branches of this organization appropriate legislation providing for a system of distribution that will not permit the return of the saloon."

Satisfied With Election. Review of the results of the Nov. 7 elections throughout the United States, as those results are thought to have been affected by prohibition, took up much of the association's time yesterday. The delegates declare they are well satisfied with the results.

As was told yesterday, the association plans to demand that each of the two major political parties include a "wet" plank in the 1924 national platform. Support of the association will go to that party which makes the most acceptable declaration, regardless of whether it is Democratic or Republican, delegates said. The association now has

SULTAN, IN MESSAGE, ASKS ABOUT HIS WIVES; IS TOLD 'ALL ARE HAPPY'

By the Associated Press. CONSTANTINOPLE, Nov. 21.

OFFICIALS of the Sultan's palace today received a radio message from Mohammed VI, who has fled to Malta, inquiring about his wives, all of whom he left behind. The following reply to his inquiry was forwarded: "All are well and happy."

The most anxious of the Sultan's harem is a young Circassian beauty, a daughter of the palace gardener, to whom Mohammed VI recently was married. She was a favorite and her master lavished expensive gifts upon her. She now has returned to her parents, who are in modest circumstances.

Turkish newspapers assert that the Sultan took with him \$500,000 in currency, a solid gold antique dinner set valued at \$250,000 and several hundred thousand dollars' worth of jewels, as well as a Field Marshal's uniform.

11 PERSONS HURT WHEN ENGINE STRIKES CAR

Injuries of Four Passengers on Interurban Car May Be Serious—Accident Occurs at Willard, Ill.

Eleven passengers on an east-bound East St. Louis & Suburban interurban car were injured, four perhaps seriously, when the car was struck and overturned by a Baltimore & Ohio Railroad switch engine at 9:10 a. m. today at a spur track crossing at Willard, Ill., 19 miles east of St. Louis.

The engine, backing up, struck the interurban car near the center. The all-steel construction of the car prevented it from being wrecked when it was knocked from the tracks.

Passengers Injured. Four persons, reported the most seriously hurt, all suffering from injuries of the head and neck, were taken to the hospital at St. Louis. John W. Herbert of O'Fallon, Ill., L. G. Heck of Lebanon, Ill., Miss Mary Lee of East St. Louis, brought to St. John's Hospital in St. Louis.

Mrs. Anna Thomas of O'Fallon, Ill., slightly injured. Gustav Grimmig of O'Fallon, cuts and bruises.

Percy Hill of O'Fallon, chest injured, lacerated.

Harry Kable, Lebanon, lacerations of head and shoulders.

Simon Neuberger, Belleville, body bruised.

Mrs. Anna McLaughlin of O'Fallon, collar bone broken.

Mrs. D. L. Geiger of Detroit, Mich., cuts and bruises. Her infant escaped without a scratch.

Miss Mary Lee McGeehon of O'Fallon, student at McKendree College, Lebanon, cuts and bruises.

Motorman Impounded. Motorman J. R. Bush of Willard, was imprisoned in the vestibule by the jamming of a door when the car overturned, and had to be pulled out through a window. He suffered only minor scratches. Conductor A. L. Schachner of O'Fallon, was uninjured.

The accident occurred at a point where the car tracks cross B & O. spur track leading into the yard of the Willard Foundry. The view there is blocked by a shed and the East St. Louis & Suburban requires a car stop and inspection of the railroad track by the conductor.

Conductor Schachner said he went ahead of the car, saw a clear track and signaled his car to go ahead. As it was crossing the tracks the switch engine, operated by H. C. Friend of East St. Louis backed out of the foundry yard and struck the car. The switching crew said the interurban had not stopped.

The more seriously injured of the 12 passengers were taken to hospitals in Belleville and one brought here. The remainder continued their journey. The car left St. Louis at 8:15 a. m. and was due in Lebanon at 9:30 a. m.

LESS LIQUOR FOR DIPLOMATS

Imports From England Drop This Year With No Arms Conference.

LONDON, Nov. 21.—Last year between Sept. 1 and Nov. 15 more than \$32,000 worth of liquors were sent to the United States from London alone for diplomatic purposes. This year in the same period only \$21,163 worth was sent from the whole country.

What could it mean? Exporters were worried. Then one exporter remembered the Arms Conference and the mystery was solved. This year there was no conference, no lubricant, no mystery.

55,000,000 Marks Issued in Week. BERLIN, Nov. 21.—The Reichsbank has set another new record for paper marks. It issued 5,900,000,000 last week, bringing the total in circulation up to 536,000,000,000.

PRESIDENT URGES A SHIP SUBSIDY AS NECESSARY TO WIPE OUT 'STAGGERING' LOSSES

TURKS FIND THEY DEFEATED GREEKS, NOT THE ALLIES

Feeling Growing in Lausanne as Conference Gets Under Way That Kemal's Program Will Be Reduced.

POWERS FACE TEST OF THEIR COHESION

Mussolini Joins Britain and France in Effort to Restore General Peace—Child Addresses Meeting.

By the Associated Press. LAUSANNE, Nov. 21.—Delegates to the Lausanne conference, with the preliminary oratory concerning the close relations of Great Britain, France and Italy behind them, face today the real strength of the ties which spokesmen for the three Powers have insisted existed among them. The conference is meeting in private session today for organization and to start the work of making peace with the Turks.

For centuries Turkey has been able to protect herself by getting European nations to quarrel among themselves over Near Eastern questions. The rivalry of France, Italy and Great Britain for supremacy in the Levant has been the protection of weak Sultans in the past, and it remains to be seen whether it will also be of service to Mustafa Kemal Pasha and his Angora associates.

Turkey Seeing the Light. Ismet Pasha and his associates appear less confident than when they arrived and the feeling is growing that they will reduce their program materially in the hope of restoring peace and good will. It is becoming evident that they are beginning to realize that it was Greece and not the great Powers of Europe which defeated them in their recent successful campaign about Smyrna.

Richard Washburn Child, American Ambassador to Italy, explained the present mood of the conference today the position of the observers for the United States. America, he stated, was much interested in the Near Eastern settlement and its observers would attend the meetings and join in the discussions, but were not authorized to sign reports or to vote on the decisions.

Dr. Fridtjof Nansen is here in an effort to persuade conference delegates to include in the prospective treaty guarantees for the protection of Greeks and Armenians in Turkish territory framed in such definite terms that the refugee situation in the Near East will not be further aggravated.

Ambassador Child and Joseph Grew, American Minister to Switzerland, who are acting as observers at the conference, conferred with French Premier Poincaré at the Palace Hotel this morning. The American representatives, it is learned, have not confined their preliminary conferences to France but in a desire to learn the viewpoints of the other leading nations and proceed in a general spirit of understanding, have conferred also with Lord Curzon, the British Foreign Secretary, and Premier Mussolini of Italy.

Hope for Peace Voiced at Opening Session Yesterday. Hope that peace on earth would result from the labors of the conference was voiced by the speakers at the brief opening session yesterday, first by President Haab of the Swiss confederation, who presided, and by both Lord Curzon and Ismet Pasha in their responses on behalf of the numerous delegations assembled in the Lausanne casino, where the impressive inaugural ceremony was held.

Ambassador Child and Minister Grew received a warm welcome. The prospects of American activity in the conference which many of the foreigners appeared to interpret as the launching of a new American policy in Europe, and the presence of a strong delegation from Japan, continued on Page 2, Column 2.

MRS. FELTON SWORN IN AS U. S. SENATOR; WILL SERVE BUT ONE DAY

By the Associated Press. WASHINGTON, Nov. 21.

MRS. W. H. FELTON, the "grand old lady of Georgia," was sworn in today for a seat for a day as the first woman Senator.

Without objection from any Senator but after a long delay, during which the status of her appointment to the Senate was reviewed in the light of the precedents, Mrs. Felton took the oath of office at the Vice President's desk and wrote her name in the Senate membership book.

A large crowd applauded as the 87-year-old woman raised her hand and bowed to the oath administered by Senator Cummins of Iowa, president pro tempore.

The seating of Mrs. Felton was delayed by an address in support of her claim by Senator Walsh, Democrat, of Montana. Mrs. Felton, upon inscribing her name on the Senate roll, became a full-fledged Senator, but probably only for a day, as Senator-elect Walter F. George, chosen as her successor, Nov. 7, plans to claim his seat tomorrow.

COURT DECISION ADDS \$2,000,000 TO FORTUNE

Supreme Tribunal's Establishment of Oklahoma's Maternity Benefits Page.

By the Associated Press. TULSA, Ok., Nov. 21.—The decision of the United States Supreme Court yesterday that Thomas Atkins was the son of Minnie Atkins releases more than \$2,000,000 to Charles Page, millionaire Sand Springs oil and gas man, who held a lease to the oil-producing property from Minnie, who died in 1919. Although the title of the case has always been in Minnie's name, Page and the Sand Springs Home interests, his philanthropic corporation, have made the legal fight for the property. At Page's office it was estimated that the lease is still worth more than a million in oil.

Besides adding to Page's millions, the decision probably will create another millionaire. Harry Folk, a former musician in the United States Army, married Minnie Atkins before 1914. He still is living at Sand Springs, where he works for Page. As Minnie's heir, he comes into possession of one-eighth of the oil produced and still to be drawn from the property. The other seven-eighths goes to Page's Sand Springs Home interests. Folk has been married again.

Still another phase of the decision of importance to Oklahoma is that the Supreme Court has upheld the validity of the Dawes commission awards. It was said that this decision would stabilize titles to all property purchased or leased from the Indians whose allotments or whose parents' allotments were spread upon the Dawes records.

HIS ADDRESS IS RECEIVED BY CONGRESS IN A STOLID MOOD

Moderate Applause Greets One or Two Emphasized Points—Prospect Is That Borah and La Follette Will Prevent Action on Legislation at Special Session.

LOSS ON SHIPS NOW \$50,000,000 ANNUALLY

Executive Declares Proposed Bill Guards Against Payments to Privileged Few and Outlay Would Be About \$20,000,000 a Year.

By CHARLES G. ROSS, Chief Washington Correspondent of the Post-Dispatch.

WASHINGTON, Nov. 21.—A joint session of the Senate and the House of Representatives listened stolidly this afternoon to the President's plan for a ship subsidy. Only three times during the reading of his message was there applause and this was mild and scattering.

The first evidence of approval came after the President had been speaking for 13 minutes when, lifting his voice, he said that he had come to reassert an American "We will." The vigor of his tone as he leaned forward and sharply rapped out "We will" was an invitation to applause. It came, but only in moderate volume, and not for long. Faithful "Jim" Watson of Indiana, senatorial wheelhorse of the administration, who sat with the Senators in the front row, was the leader of the outburst.

The face of Senator La Follette of Wisconsin, a leader of the fight against the subsidy, was a study. La Follette sat well back among the Senators, his head thrown back and tilted sidewise. A sardonic grin came and went on his mobile face. It was especially marked when the President said that he challenged insinuations that the proposed bill meant the enrichment of a few at the expense of the Treasury.

Second Ripple of Applause. A second ripple of applause greeted the President's assertion that the subsidy should be granted because of the higher wage scales on American ships "until world competition is brought to the same high level, or until our shipping lines are so firmly established that they can face world competition." The approval in this instance was faint and was almost entirely on the Republican side.

Finally, the President was applauded upon expression of a sentiment that had nothing to do with the subsidy. This was his recommendation, near the end of his 25-minute address, that credit systems be broadened so as to relieve distress among the farmers.

The thinness of the applause for the President's subsidy sentiments was in contrast with a generous ovation for the President personally. When he entered the House chamber, Senators seated in the front rows facing the speaker's stand; Cabinet members, to the left of the stand; Representatives and others on the floor, including a contingent of marine officers headed by Major-General John A. Lejeune, as well as the packed galleries, filled mostly with women, all arose and heartily applauded their hands for a couple of minutes. Again, when the President concluded and stepped down from the stand, there was applause, but this time confined largely to the Republican side.

President's Recommendation. Treatment of the merchant marine bill was used as necessary to relieve the Government of present obligations.

Convicted Radicals on Their Way to Prison

Three radicals, under sentence for utterances and actions during the war, surrender at the Cook County (Ill.) jail and are started on their journey to the penitentiary at Joliet. The prisoners arrived with plenty of clothes and reading material. Left to right they are: Joe Miesler, Harry Shipman and Charles Crumbien.

was not wholly a day of work. There were lighter moments, too.

America has become to believe that to Frenchmen a kiss is a trivial incident, and a constantly recurring one. But there can be few Frenchmen who have been so much kissed in the course of a single day of visit to a strange country as was Clemenceau yesterday.

And, despite his age and the caution of his advisers, the great Frenchman's hand was shaken more than most men would care for in a month.

The outstanding events of the Tiger's day were a visit to a doctor in the morning, the luncheon at the Ritz-Carlton, a reception by the Franco-American Society at the home of Thomas W. Lamont, and his meeting with America's noted and beloved octogenarian, Chauncey M. Depew.

Depew, who at 89 is eight years the senior of the French War Premier, was among the first introduced to M. Clemenceau at the reception in Lamont's home.

Meets Chauncey M. Depew. "Ah, who is this?" the Tiger asked eagerly, his eyes brightening to see one of his own generation approaching.

"Chauncey M. Depew," replied one of the group standing beside him. "Oh, I am a baby!" cried Clemenceau, throwing his long arms over his head in mock consternation.

The conversation between the two men was brief. But the pleasure of that moment manifested itself in the Frenchman's interest in the proceedings, as did that other moment when Mme. Cecile Sorel, the charming French actress, who made her American debut only a few days ago, threw herself into his arms as he entered the Ritz-Carlton Hotel, kissing him warmly on both of his brown, graven cheeks.

But M. Clemenceau's surprise did not disturb his continental courtesy, although his squat, heavy form came to a sudden stop.

"You look so well," the actress cried in French. "You do not look bad yourself," M. Clemenceau replied instantly, while the astonished crowd in the lobby pressed forward.

"We shall triumph together then, Monsieur," the actress replied. Greeted by French Orphans.

Again was the Tiger kissed when he arrived at the Lamont home.

About 80 wealthy and influential men there sought to give the visitor some idea of current opinion in the United States.

Four little girls aged about 12, daughters of French soldiers who fell for France, were lifted up one at a time to within reach of his neck and there they clung for a moment, and then they were released.

The Tiger lost for a moment any reserve and stolidity which has marked him during most of his appearance in public. He was visibly moved and patted their heads with his gloved hands, then whispered:

"I am a baby!"

Swiss President Speaks. President Haab, in his address, delivered in French, in part said: "May Providence direct that the Greco-Turkish war shall be the last act in this terrible tragedy, which for six years has desolated Europe and a part of Asia, and the unhappy consequences of which will be reflected upon both victors and vanquished for many generations."

President Haab pointed out that the problems the conferees had to solve had their roots in the remote past, and that the task the delegates had to perform in these days of close interdependence of peoples was to create a situation giving all concerned conditions under which they could live and to remove all possible obstacles to general reconciliation. He pleaded for moderation and conciliation.

The two great religions to which the adversaries of yesterday pledged their faith and which nourishes their civilizations," he added, "meet now in the lofty thought that the most

WOMAN LED PIRATES WHO SEIZED STEAMER

Leader of Chinese Buccaneers Was Wounded, but Escaped With Her Band.

By the Associated Press. HONG KONG, Nov. 21.—Stories of a woman pirate leader and her desperate band of Chinese buccaneers, who seized the British steamer Sul-An, overpowered the crew and then escaped with all the cash and valuables on board, were related by the passengers, who were landed from the vessel yesterday afternoon.

Throughout the piratical adventure, the woman leader is said to have calmly directed the movements of her band, said to number about 65, and was wounded together with three of the buccaneers when the passengers and crew engaged them in battle.

Three of the ship's crew were killed and several wounded, including the captain, a French priest and another European passenger, the chief officer, chief engineer and a Portuguese passenger. Most of the passengers, when they landed, were suffering from hunger and exhaustion.

The pirates traveled as passengers aboard the Sul-An when she left Macao for Hong Kong Sunday. The woman leader traveled first class. When but a few miles out the band seized the ship. The ship carried no wireless and nothing was known of the piracy until she entered the harbor. The wounded were placed in hospitals here.

HOHENSCHILD TRIAL TOMORROW; VENUE CHANGE IS DENIED

Continued From Page One.

port of the State's contention that he could, the defense put 25 witnesses on the stand who testified that they did not believe he could be tried fairly here. They were witnesses selected in advance.

The State was given the privilege of calling 25 witnesses, but called only 17, picking them at random from the regular jury panel. Three of the witnesses called by the State said they believed Hohenschchild could not get a fair trial in St. Louis, while 14 said they had no special opinions regarding the case and thought a fair trial could be had.

They had all read of the Night and Day Bank failure, and most of them were of the opinion someone was responsible for that, but they had formed no opinion as to who was responsible; some thought that it was a bad indication when Cashier Arthur Meininger ran away. Some said they never had heard of Hohenschchild till they had come to court.

As was told yesterday, some of the witnesses for the defense were Democratic politicians. Hohenschchild formerly was a Democratic State Senator.

The State contended that if the defense wanted a change of venue in the 18 cases it should have asked for it when a change was granted under three similar indictments, which were sent to Osage County, and dismissed there by the State Oct. 20 when a continuance was denied. Circuit Attorney Sidener considered the three cases sent to Osage as the State's weakest cases. The change of venue in those cases was granted on testimony heard in the application for a change of venue for Meininger, by agreement of counsel.

Cases Against Meininger Continued

The cases against Cashier Arthur Meininger of the Night and Day Bank, charged in indictments with embezzlement and receiving deposits when the bank was in a failing condition, which were taken to Franklin County under a change of venue, which alleged prejudice here, were continued to the March term of court by Circuit Judge Breuer at Union yesterday.

Application for the continuance was made by Meininger's counsel. The cases had been set for next Monday. Pending the erection of a new courthouse, court in Union is being held in a skating rink, which, officials feel, would not properly accommodate the number of persons whose presence will be required for the Meininger cases. It is understood that the new courthouse will be finished by February.

Beautiful virtues of men are a spirit of concord and a love of peace. At Christmas let the messages go forth of peace on earth, good will to men.

Lord Curzon said he believed it to be a happy augury that this conference had assembled in a neutral country. "Let every delegation," he said, "enter the conference with no other desire but to come to an agreement to make peace, so that all may go away with the feeling that they have contributed to the cause of peace. On our part no effort will be wanting to carry things to a successful conclusion."

The establishment of a complete accord between Premier Poincare, Lord Curzon and Premier Mussolini on all matters coming up in the conference was celebrated last night by an entente dinner of 60 guests, which M. Poincare and the French delegation tendered to the British and Italian representatives.

President Haab, in his address, delivered in French, in part said: "May Providence direct that the Greco-Turkish war shall be the last act in this terrible tragedy, which for six years has desolated Europe and a part of Asia, and the unhappy consequences of which will be reflected upon both victors and vanquished for many generations."

President Haab pointed out that the problems the conferees had to solve had their roots in the remote past, and that the task the delegates had to perform in these days of close interdependence of peoples was to create a situation giving all concerned conditions under which they could live and to remove all possible obstacles to general reconciliation. He pleaded for moderation and conciliation.

The two great religions to which the adversaries of yesterday pledged their faith and which nourishes their civilizations," he added, "meet now in the lofty thought that the most

SUICIDE OF NOVELIST LAID TO MONEY TROUBLE

Body of George Bronson Howard, Gas Tube in Mouth, in Los Angeles Apartment.

By the Associated Press. LOS ANGELES, Nov. 21.—Dissipendency over domestic and financial troubles is the reason ascribed by friends for what they and police both termed the suicide in his apartment early yesterday of George Bronson Howard, novelist, dramatist and motion picture playwright.

On a table, not far from the closet in which the body was found with a gas tube in the mouth, lay a letter he had written to his wife, Mrs. Jean Bronson Howard, in Baltimore, and an opened copy of his book, "God's Man."

The letter contained no hint that the writer contemplated suicide, but disclosed that he apparently was oppressed by various troubles.

BALL PLAYER'S WIFE SUE FOR DIVORCE

Gets Man to Prison on Second Attempt

Sheriff Who Went to Sleep on First Trip Straps Prisoner to Him Next Time.

Special to the Post-Dispatch. JEFFERSON CITY, Nov. 21.—A tall, grim Sheriff arrived at the State penitentiary yesterday afternoon: Wrapped tightly about his wrist was a leather strap and at the other end of the strap was Roy H. Kuehling, once a dapper Government clerk at Washington, D. C.

This pair should have reached here last Thursday. But Sheriff Thomas Church of Stockton went to sleep on the train en route and Kuehling walked out the door. He was captured by police in St. Louis Friday, after he had saved off his handcuffs, and held there until the Sheriff came for him yesterday morning.

Grinning patrolmen at the St. Louis Police Headquarters gave Sheriff Church plenty to think about, so he did not go to sleep on the second trip to Jefferson City. Gatekeepers at the penitentiary continued the attitude of mirth which has greeted Sheriff Church everywhere of late.

But the Sheriff had little to say. His opinion of his fellowman seemed vastly contemptuous.

"Get in there—you!" he growled to his small prisoner.

When the doors of the prison had closed, Sheriff Church put his leather strap away, got out a handkerchief, wiped his steel-rimmed spectacles and mopped his brow. He expelled a lung full of air and appeared to feel much better.

Kuehling will serve a five-year sentence imposed upon him by a jury at Nevada for shooting his wife.

DEATH OF MAN, 69, STRUCK BY AUTO, CALLED ACCIDENT

A Coroner's verdict of accident was returned today in the case of James Byrne, 69 years old, formerly of 4083 Cote Brillante avenue, who died of injuries suffered Sunday night when struck by an automobile driven by William Beck, 4249 Westminster place.

The accident occurred before 8:00 Lindell boulevard. Witnesses testified Beck was traveling east on Lindell about 12 miles an hour when Byrne stepped into the street. There was no street crossing at the point and Beck told policemen he was wholly unprepared to avoid a pedestrian in the street. Byrne was employed at odd jobs in the neighborhood of Grand and Lindell boulevards. His last address is not known.

Jefferson yesterday morning and afternoon while the conferees of the association were under way. He said he had intended to attend the meetings to see what the delegates had to say, but was unable to do so because the sessions were behind closed doors. Nations added that he did not suspect violation of the prohibition laws.

BARRETT WOULD NAME A. H. JONES SPECIAL ASSISTANT

Prosecutor-Elect in County Considers Opportunity to Familiarize Self With Cases He Will Inherit.

Attorney-General Barrett has written Adam Henry Jones, who will take office Jan. 1 as Prosecuting Attorney of St. Louis County, asking whether he and one of his prospective assistants will accept appointment as Special Assistants to the Attorney-General in order to become familiar with the evidence going before the grand jury, with which they will be required to be familiar in the prosecution of persons who may be indicted in primary election frauds.

As was told yesterday, Randolph Laughlin and Amandus Brackman, Special Assistants to the Attorney-General, who have been co-operating with Prosecuting Attorney Mueller in the grand jury work, offered their resignations to Barrett with the request that Jones and one of his assistants be named in their stead.

May Name Maroney. Jones said today that he has not made up his mind whether to accept the appointment. He is not ready to announce who his assistants will be. It is understood that he is considering the appointment of Andrew Maroney, a former Circuit Court Attorney of St. Louis, who is known as a vigorous prosecutor, as his first assistant.

Jones refused to confirm or deny this report, but said he intended to see Maroney soon. He would not say what he wanted to see him about. Maroney could not be reached for a statement.

It is understood that Maroney might be inclined to accept the appointment on the basis of doing a public service. The position pays \$2600 a year, while that of prosecutor pays \$4000. Jones and Maroney are both Democrats and both reside in Ferguson, Mo. Maroney, it will be remembered, was special prosecutor in the trial of the United Railways referendum petition burglary cases.

Barrett's Letter to Jones. An excerpt from Attorney-General Barrett's letter to Jones follows: "My judgment is that the suggestion (for Jones' appointment) is practical and valuable. The arrangement will go far toward overcoming the disadvantage of unfamiliarity with the cases, which is always incident to the incoming of new officers. It will also take the further burden of responsibility from the shoulders of my two very splendid assistants and put it on the shoulders of the county's official representatives, where that burden belongs."

"I have rarely seen in public life a more splendid example of service and sacrifice for the public good than that of Brackman and Laughlin. For the last three months they have given virtually all of their time to this investigation, meanwhile steadfastly refusing to accept any compensation whatever therefor. Their service has been altruistic and sincere, and of the highest order of ability, and the citizens of the county should feel toward them a lasting debt of gratitude."

"I do not know what plans you have for the choice of your assistants, but I am sure your appointments, when made, will show that you have fully recognized the responsibilities which will devolve upon your office. You will need the very ablest and most experienced help that can be secured."

BEARER OF DEATH MESSAGE FINDS WOMAN MURDERED

Theory That Former Husband Strangled Her, Then Returned to Lodgings and Took Poison.

ST. JOSEPH, Mo., Nov. 21.—When an undertaker went to the home of Mrs. Christian Kern today to notify her that her former husband had been found dead in a rooming house, her body was discovered on a bed with a scarf tied tightly around the neck. Investigation led to the theory that Kern had gone to his former wife's home in a jealous rage, strangled her to death, and returning to the rooming house, had taken poison. The Kerns were divorced several months ago.

Kern was 53 years old and his wife was 38. She had a son by a former marriage in Council Bluffs, Ia. He has been notified.

CHIROPRACTOR IS FINED

Otto C. Schmidt Convicted of Practicing Medicine Without License.

Otto C. Schmidt, a chiropractor, of 2666 South Broadway, was found guilty of practicing medicine without a license by a jury in Court of Criminal Correction yesterday and was fined \$50 and costs. A motion for a new trial was filed.

The specific charge against Schmidt was acceptance of \$50 for treating Mrs. Annie Perrott of 2662 Panley avenue, St. Louis County, for kidney and stomach trouble between April 1 and June 27, last.

Schmidt admitted he could not give a license to practice medicine and stated further he did not try to practice medicine. Five cases of similar nature are being heard in the Court of Criminal Correction today.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys occasionally if you eat too much meat.

No man or woman who eats lots of meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much meat may form uric acid, which clogs the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood; then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity. Also to help neutralize the acids so they no longer cause irritation, thus often ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water-drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications.

Every Woman

—that bakes with Calumet—and there are millions of them—has learned three important baking facts.

First; that she never has any failures, which means no loss of time and material.

Second; that her bakings are always pure and wholesome, which goes a long way toward perfect health.

Third; that the greater than usual leavening strength of Calumet stands for economy because she uses less.

CALUMET

The Economy BAKING POWDER

—sales are 150% greater than that of any other brand.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

BRITISH ISLES DO NOT NEED THE GULF STREAM

Scientists Say He Has Proved It Does Not Traverse Atlantic to England.

LONDON, Nov. 21.—Science has been forward recently to destroy an old man's long-cherished illusion. At the same time it has been a source of constant anxiety to those who would attempt to understand the cause of climatic conditions.

Danols, well-known hydrologist, who has made a special study of the waters of the Atlantic, has declared that the temperate climate of the British Isles does not depend on the Gulf Stream, and that its diversion would not, therefore, leave this section of the world in the grip of an Arctic winter. Danols says he has proved that the Gulf Stream, rising to the north of the Antilles, does not pass the Sargasso Sea, and the notion must be discarded that

it traverses the Atlantic to bathe the shores of England and France. He expresses the view that the Gulf Stream is merely the backwash of the equatorial currents. Summer heat provokes dilatations of the heavily salted equatorial waters, which transmits themselves into permeations of the more lightly salted Arctic and Continental waters. It is these permeations in the Eastern Atlantic which have been mistaken for branches of the Gulf Stream. They are, however, purely local currents and vary according to the season, he says.

MAN WHO HAD STILL IN HOME IS CONVICTED

Case in Which Judge Faris Ruled Making of Whisky Constituted a "Shop."

When is a home not a home? When is a moonshine distillery? This was the purport of a recent decision by Federal Judge Faris, which had its first practical effect yesterday, in a verdict holding John Kontas guilty of having a still in his domicile at 4517 Aubert avenue.

When Kontas was placed on trial last Friday his lawyer moved to suppress the evidence, on the ground that it was taken from his home, and that no search warrant should have been issued. Judge Faris, overruling this objection, said that Webster's dictionary defines "shop" as a place where manufacturing is conducted, and that when manufacture is conducted in a home, the home becomes a shop, and is subject to entrance with a search warrant. The Judge said his ruling was contrary to a "preconceived notion of the law" held in certain quarters.

Kontas was found guilty of possession of a still, an offense for which the maximum punishment is a \$500 fine. The jury found Kontas not guilty of manufacturing whisky, as policemen who made the raid said the still was not in operation when they entered. The Court instructed the jury to find Kontas not guilty on two other charges which were maintenance of a nuisance and possession of whisky. Kontas' lawyers talked of taking the ruling on the search warrant to a higher court for review, but after the outcome of the case they said they might decide to pay the fine imposed by the Court and drop the case.

FORMER GOVERNOR OF FLORIDA CLEARED OF PEONAGE CHARGE

Found Not Guilty of Having Held Two Negroes in Bondage on His Farm.

By the Associated Press.

PENSACOLA, Fla., Nov. 21.—Following deliberations lasting only nine minutes, a jury in the United States District Court last night found Sidney J. Catts, former Governor of Florida, not guilty of the charge of having held in a state of peonage John Henry Rogers, negro. District Attorney Cuthbert indicated he would move today to nolle-pross an indictment against Mr. Catts, charging peonage relating to Ed Brown, another negro, said to have been employed by Catts at the same time as Rogers. The former executive was placed on trial early yesterday and the case advanced rapidly.

The Government's main contention was that Catts had held Rogers and Brown in bondage on his farm after they had been pardoned from the State Penitentiary where they were serving life sentences during his term of office as Governor.

Pape granted Miss Shea and Casale temporary permits at the time building inspectors recommended reconstruction work, on the promises that they would have it done.

The Beauty Which Glows from Within

Eat Eline's Chocolate

If the skin is to be beautiful and free from blemish the body must be well-nourished. The immature red blood corpuscles must be fed that they may develop and nourish the layer of tissue just under the skin.

The secret of an unblemished skin is a free circulation of healthy blood.

Eline's is rich in protein and carbohydrates to supply the proper nourishment for the blood.

Eline's is delicious to taste—cocoa beans, pure sugar, and fresh, whole-cream milk are the only ingredients—the milk comes fresh each day from cows that feed in the emerald green fields of Wisconsin, where crystal-clear water abounds in spring-fed lakes and babbling brooks.

Yet—Eline's costs no more than common chocolate.

TWO ANSWER EDISON'S COLLEGE CRITICISM

Dr. Henry Van Dyke of Princeton Says Education Is to Enrich Man's Mental Life.

By the Associated Press.
PRINCETON, N. J., Nov. 21.—The recent criticism of college men by Thomas A. Edison yesterday brought forth a reply from Dr. Henry Van Dyke, author and professor of English at Princeton University. "He is right in saying that our college men are not what they should be," said Dr. Van Dyke, "but he is dead wrong in thinking that he could make them so. The very things that he blames in them are best and most hopeful. The object of a college education is not to enable a man to make a living, but to teach him how to enlarge and enrich his mental and moral life, to be more of a man, to be a real person and not a cog in a machine of industry or trade."

"The trouble with Edison's idea of education is that he merely wants more labor he can use in business. The college, at least most of them, want something better, men who can use their minds intelligently and sympathetically."

LEWISTON, Me., Nov. 21.—The majority of college students are "not afraid to look dirt in the face," President Clifton D. Gray of Bates College said in a letter to Thomas A. Edison which he read at chapel yesterday. Dr. Gray told the inventor that he agreed with Edison's statement as recently published that the main qualification for success was ambition with a will to work, but said he could not agree with the remark attributed to Edison that college men objected to work, especially if it was dirty.

"It is probably true," he wrote, "that the sons of \$20,000-a-year men do not take to rough work. They burn midnight gas; their fathers burned midnight oil."

"More than half of the boys here are earning a part or all of their way through college, and Bates is no exception. These fellows are not afraid to look dirt in the face. There are thousands of young men now in college who are practicing the gospel of hard work."

AMERICAN SLAIN, ANOTHER SHOT IN ROBBERY NEAR MEXICALI

Involved Across Border by Two Men—California and Mexican Police Join in Search.

By the Associated Press.
MEXICALI, Lower California, Nov. 21.—The police of Mexicali and of Calexico, Cal., just across the border, have united in a search for two men who Sunday night invaded Richard Newton and Dan McKinnon of Williams, near Sacramento, Cal., into taking an automobile into the country below Mexicali, robbing him, shot McKinnon and, believing him dead, threw him out and two miles farther on shot Newton through the head and heart and threw out his body.

Mexicali police said they were confident the slayers were still on the Mexican side and that they would be caught soon.

McKinnon recovered consciousness in a Calexico hospital yesterday, and physicians said he had a chance to recover.

Y. M. C. A. Directors Taught 104,000 Persons to Swim in Year.

By the Associated Press.

A. of America, in annual session here. Statistics quoted showed that the directors in the last year taught 104,000 members of the association to swim in the pools in the institutions.

"All sports for all" will be the slogan of the physical directors during the coming year both in America and foreign countries.

ADVERTISING People Over 40

How Shall We Prolong Life? Average Duration of Life About 33 Years.

The average man or woman aged 40 or over begins to realize that the winter of life is approaching. The once strong surging vitality is beginning to show evidence of decline.

Symptoms of Decline.

The bowels become constipated, the liver sluggish, the stomach becomes deranged, the kidneys through which the blood of the body is filtered once every 7 to 10 minutes become weaker and do not excrete the waste of the poisonous wastes which are a real menace to good health.

Never Use Drugs.

People who require health help should never use drugs—they are liable to have an injurious effect upon the nerves or heart.

Plant and Herb Juices.

A pure, healthful laxative herb-tea like Bulgarian Blood Tea assists nature to eliminate poisonous wastes from the system. The rich juices brewed from the plants, roots, bark, leaves, herbs and flowers of which Bulgarian Blood Tea is composed are an effective healthful tonic and positively harmless.

To relieve colds and aid in warding off influenza or pneumonia Bulgarian Herb Tea taken whenever hot with lemon juice is very helpful. Millions are saved each year by this herb tea.

MARION, Ill., Nov. 21.—The question whether one who has an opinion on the "lawfulness" or "unlawfulness" of the Herrin massacre is disqualified as a juror in the case on trial, which has caused contention between the opposing lawyers since the beginning of the trial, was threshed out today and Judge Hartwell's ruling, after hearing arguments, was that such opinion disqualifies.

A venireman, who said his first name was "Bill," said he had no opinion as to the guilt or innocence of the accused but he had an opinion as to whether the killings were lawful or unlawful. The defense challenged for cause and the State objected and asked to be heard. In chambers, State's Attorney Duty argued that there were not 20 persons in Williamson County who did not have an opinion as to the lawfulness or unlawfulness of the killings and cited as parallel the examination of President Garfield and the outrage and murder of a little girl, contending that in each case the defenselessness of the victims left no question of the unlawfulness of the crimes.

State's Contention.
"No man with sense enough to have a headache on a hot day could fail to have an opinion about that," he said. "There is no dispute that these men were killed. The only question is who killed them. Some veniremen say they have no opinion whether it was lawful, but these are not profound. We know it was unlawful."

Judge Hartwell did not agree that the illustrations cited by Duty were parallel, suggesting that in the Herrin killings there might be a claim of self-defense which could not have been made in the cited illustrations. Assistant Attorney General Otto Glenn interposed that the little girl who was attacked had as much chance of self-defense as the unarmed man roped together, who were killed near Herrin.

A. W. Kerr, chief counsel for the defense, contended that the acceptance of such jurors would eliminate their defenses and confine the defense to the question of identification.

Possible Defense.
"They don't know," he said, "but that we will show that the defense."

Immac BANISHES BODY ODORS

At least half the men and women in every walk of life unconsciously offend others with disagreeable body odors. It is now definitely known that one disagreeable odor is due to sweat secretion—not always perceptible.

People who perceive little or none are just as likely to be troubled, and the unpleasant fact about this offense is that those who offend are rarely conscious of the odor themselves. This and all other body odors can be removed by the regular use of Immac, the wonderful new deodorant.

This fragrant new white cream completely neutralizes odor, without irritating or burning in the least, with lasting penetration. Men and women alike, need it to keep their person fresh and immaculately clean.

It takes but a minute to apply to the underarms, feet, chest, neck, and other places where odor is most likely to develop. Perfectly harmless, and pleasant to use, it is the cleanest, most effective body deodorant.

BOSTON'S GREAT ART PRODUCT

Mason & Hamlin
Pianos

It is impossible to convey in words an adequate idea of the surpassing tonal quality of the Mason & Hamlin Piano.

To say that the piano is made as well as possible, and priced accordingly—that does not tell the story. No description of the Tension Resonator can adequately explain its importance in terms of tonal results. Even the marshalled names of artists who have chosen the Mason & Hamlin Piano for their public and private use can only indirectly show its excellence.

And yet, that which is difficult to put into words is a very real thing. If you should play the Mason & Hamlin Piano you would know. Listening to it would tell more than a thousand words, as glance at the "Woman Weighing Pearls" tells more of Vermeer's artistry than page after page of description.

We invite you to play and hear this extraordinary piano.

RULING ON OPINIONS OF "LAWFULNESS" OF HERRIN KILLINGS

Continued From Preceding Page.

ants were attacked and acted in self-defense. We have a right to admit that the defendants did the killing but claim justification, or self-defense, or that it was excusable or anything else."

Attorney Lewis, for the defense, said the State was asking the Court to assume that the only defense was identification. Attorney Stone of the defense argued that the State was asking for jurors with minds made up on a primary point of defense.

Judge Hartwell said he did not know what the defense would be, but he had defended men where the killing was admitted and justification claimed.

Statement by Judge.

Referring to Duty's illustrations, he said there might be cases where the rule would work the other way, as, for instance, if a man were found dead with his boots on and a gun in each boot and notches on the gups and every indication of being a desperado.

In such a case there would be a question whether the killing was lawful or unlawful. Or there might be other circumstances which would go into the question of lawfulness or unlawfulness. He did not know what the defense would be—perhaps it was ludicrous to be talking about self-defense, but he could not, in fairness to both side, permit jurors to be accepted from whose minds would have to be removed a preconceived opinion as to whether the killings were lawful or unlawful. He would not give either side an advantage which would impose upon it any extra burden by taking a "judicial notice" that the killings were unlawful.

He made an allusion to the procedure in the Cartersville riot trials a few years ago in which the defense was that the killings were done in self-defense because the nonunion miners who were killed were thought to be the advance guard of a larger advancing force. He did not apply this to the Herrin killings, but it is understood that the defense in this case will claim some such justification.

Preponderance of Farmers.

The tables were turned yesterday when, with the appearance of a new panel of 50 veniremen, the preponderance of miners which had prevailed on the first panel was replaced by a preponderance of farmers so great that all of the five men examined during the day were of that class.

The attorneys for the State, encouraged by the turn in their favor, pressed the defense with tenders, but the latter, stubbornly contesting every attack, contrived to draw admissions which sustained challenges for cause and the day ended without the sacrifice of a peremptory challenge and without either side having gained any ground.

The increasing intensity of the contest was shown by a marked slowing down of the proceedings, the average number of talesmen per day examined last week having been 14, with 20 as the largest number examined on one day.

Repeated Tenders Made.

The prosecution has been trying ever since Thursday to complete the second panel of four and has made repeated tenders, but each time the defense, by challenges for cause if possible, and by peremptory challenge when necessary, has broken the panel.

Two tenders were made yesterday afternoon. The first one was broken when it was learned from George W. Childers that his son-in-law, Dallas McCree, was indicted jointly with the five men on trial and that Childers was on his bond and the bonds of the others indicted with him. He had told State's Attorney Duty that he was not related to any of the indicted men, but afterward claimed that he had misunderstood the question.

The second tender was broken when Herbert Hale, becoming confused under a fire of questions, made such contradictory statements that Judge Hartwell finally excused him on the ground that he did not seem to understand the questions.

Examination of Childers. The examination of Childers, who, because of his shortness of stature is known as "Little Breeches," developed considerable diversion. George B. White, examining for the defense, asked him if he knew a family of Jacks.

Childers bridled. "A family of what?" he asked.

There was laughter in the courtroom and White hastened to explain that he meant a family named Jacks.

Childers' sensitiveness was due to litigation which dragged through the Williamson County courts for 12 years over the value of a "jack" which he sold to a man who was not satisfied with it.

After State's Attorney Duty had asked Milo Phemister if he would be afraid to return a verdict of guilty, Attorney White asked him if he would be afraid to return a verdict of acquittal. Phemister answered no to both questions.

"If you believed these men were not guilty, you would have nerve enough to say so, wouldn't you?" White asked.

Phemister answered that he would. He had an opinion as to whether the killings were "lawful" or "unlawful," but none as to the guilt or innocence of the accused.

Gall-Curt Pays Canada Taxes.
OTTAWA, Ont., Nov. 21.—R. W. Gall-Curt, Commissioner of Taxation, yesterday announced that Mrs. Gall-Curt, while in Ottawa last

week, settled accounts with his office, paying a substantial sum on receipts obtained from concerts in Canada. Denying reports that revenue officers had attached receipts from a

concert last Wednesday, Broadner said the settlement had been made in the regular course of events, and that there had been no question of seizure.

Many intelligent mothers overlook these few simple facts about food—

EVERY mother interested in her children's welfare meets a problem in the proper feeding of her boys and girls.

Parents often do not realize the evil effects of mal-nutrition, and that care in the selection of food will avoid a large percentage of children's ills.

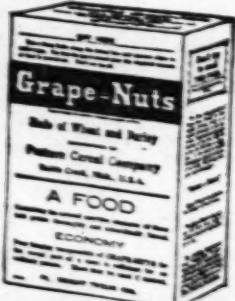

One of the best of all foods for providing proper nourishment for growing boys and girls is Grape-Nuts—made of whole wheat flour and malted barley, and scientifically baked for twenty hours. This long baking brings out a delicious flavor, makes the food easy to digest—without fermentation. Grape-Nuts with milk or cream is a complete food.

Here is a suggestion for better health: Serve Grape-Nuts as often as the folks wish it.

Why Sauerkraut Promotes Health

MORE people are eating sauerkraut this fall than ever before. For the army of lovers of this ancient and honorable food has gained many new recruits, because of the discovery that sauerkraut is one of the most valuable health foods.

Dr. Royal S. Copeland, Commissioner of Health of New York City, said in a recent article: "Cabbage contains roughage necessary to proper intestinal action. It contains those elements which guard against scurvy. In the cabbage are the vitamins necessary to growth, and many valuable minerals. Perhaps I need not suggest that cabbage should be a more popular vegetable, because it is apparent that it is a popular vegetable. I do want to say that it deserves all the popularity it has, because it contains elements necessary to the growth and health of the human family."

Sauerkraut contains all the valuable properties of cabbage, and in addition has the advantage of containing lactic acid bacteria—to which Metchnikoff attributed so much importance in his famous book on "The Preservation of Life."

The facts regarding these discoveries of the value of sauerkraut are told in a free booklet, "Sauerkraut as a Health Food," with new recipes. Mail the coupon for it.

WACO YOUTH, 19, SLAIN AND A GIRL THROWN OVER CLIFF

Negro Said to Have Kept Her Prisoner for Three Hours After Slaying Her Escort.

By the Associated Press.

WACO, Tex., Nov. 21.—Grady Skipworth, 19 years old, was shot and killed, and Miss Naomi Boucher, a young woman companion, attacked last night near Lovers' Leap, on the Bosque River, three miles north of Waco. They were riding in an automobile.

Skipworth was shot in the neck with a shotgun at close range. According to reports to police, the assailant was a negro, who, after robbing Skipworth, shot him and threw his body over a 10-foot cliff. The negro then dragged the girl into the brush, where he kept her three hours and then threw her over the cliff. The tragedy occurred about 9 p. m. and the girl made her way home about 3:30 a. m. today. The negro escaped in Skipworth's automobile, heading toward Dallas, officers said.

Posses of citizens and officers were searching this and adjoining counties for the negro. The automobile was found two miles northwest of Waco this morning. Miss Boucher is under care of physicians, who say her condition is serious.

HOMES EXHIBIT OPENED WITH PUBLIC WEDDING CEREMONY

Ballot Box for Votes on Prohibition To Be Installed at Exposition in Coliseum.

The Better Homes Exposition, which is being held at the Coliseum this week, opened last night with a public wedding. The bride couple, less bashful and retiring than such people are supposed to be, furnished the central theme for the exposition which, according to the edict of the show's sponsors, is that marriage is the basis of a home.

There are several displays at the show depicting the worthiness of different appointments as shown by their respective exhibitors. A miniature house of 10 rooms is displayed by the Southwestern Bell Telephone Co., each room having a telephone. Another miniature is a hangar complete with electric lights. A Japanese pergola, which legend contends was built in 800 B. C., is reproduced in its entirety with the exception of a modern roof. Some enterprising coffer is responsible for this depiction.

Rodney Abeken, supervisor of playgrounds, will speak this afternoon on "Child Life in the Home." There will be other speeches this evening and the rest of the week. A ballot box will be installed today in order that spectators may vote for or against prohibition.

Rocks Clog Hose at Fire.

By the Associated Press. CARTHAGE, Mo., Nov. 21.—Four rocks, carried through the water mains and the fire hose, lodged in the nozzle and for a time rendered useless the fire hose while firemen were fighting a blaze here recently. It was necessary to change the nozzle before the work of extinguishing the flames could be continued.

AMERICAN HISTORY FOR AMERICAN CHILDREN

In 1763 Spain Got the Far-Western Holdings of
the French and England Got Canada.

The English Took Havana in 1762.

By **HENDRIK VAN LOON**,
Author of "The Story of Mankind."
(Copyright, 1922.)

THE illustrious personages who ruled Europe during the eighteenth century were extremely fond of little family parties. They were forever making secret treaties and private agreements which promised the house of Gluecksburg-Sondergeltt the support of the House of Sondergeltt-Gluecksburg, should either party be attacked by a third member of the International Order of Professional Potentates. The Habsburgs and Bourbons were no exception to this rule. But the kings of France were very apt to indulge in these little diplomatic arrangements just when such a step was bound to be most disastrous and costly to their subjects both at home and abroad. This accounts for the famous Family Compact of the year 1761 when practically all the shootin' was over. In that memorable year the Kings of Spain promised to help their good cousins and dear neighbors, the Kings of France, "against all their enemies." When this compact became known in London, the British Government (which had just conquered the greater part of Canada) gave orders that the fleet proceed at once against the Spanish possessions in the West Indies.

In August of the year 1762, the English took possession of the town of Havana, which even in those days, long before the famous American proclamation of temperance and prohibition, produced plunder to the extent of \$20,000,000. The next month, the British took the Philippine Islands which they held until Spain had paid a handsome ransom. These events so shocked the military credit of the mighty Spanish empire that the country was willing to sue for peace. This outcome was, of course, very fortunate for Spain and the Kings of France felt that they ought to do something really nice for their allies across the Pyrenees.

As they could not possibly hold the distant province of Louisiana, now that their navy and their military base in the northern part of America had been destroyed, they offered to give Spain the territory of Louisiana if England would generously allow Spain to hold the valuable province of Florida which dominated the entrance to the Gulf of Mexico and the other Spanish domains in that part of the world, which ever since the days of Columbus had been erroneously called the "West Indies."

This was done and by the Treaty of Paris of the year 1763 France retired from the American Continent. Spain became the mistress of the far-western holdings of the French Crown (which was quite unexplored and almost entirely unsettled), but England got Canada. It has enjoyed the undisputed possession of that valuable land ever since.

To be continued tomorrow.

GOOD for you, and we hate to have

Now that you have the added responsibility of a home, it's not a question of can 'or can't—you must save. Remember, taxes have a painfully regular way of coming due. So have fuel bills. So have insurance premiums. These expenses will be a lot easier to handle if you save for them in advance; in fact, in most cases you must do just that.

Last but not least, a Mercantile savings account is a form of happiness insurance you must not do without. Wolves fight shy of the saver's home.

NEW WITNESS DUE TO APPEAR BEFORE HALL-MILLS JURY

Man, Dealer in Pigs, Regarded as Likely Corroborator of Story Told by Mrs. Gibson.

OFFICIALS SILENT ON
NATURE OF HIS TALE

He Is Said to Have Driven Car Down Lane, Near Spot Where Tragedy Occurred, on Night of Murders.

By the Associated Press.
SOMERVILLE, N. J., Nov. 21.—The Somerset County grand jury investigating the Hall-Mills murder today listened to nearly 20 more witnesses and then adjourned until tomorrow.

George Sipel, a dealer in pigs, is a new figure in the case. He is declared to be the most likely corroborator of the tale of Mrs. Jane Gibson, who says she saw the murders and is listed with her among the principal witnesses.

James Curran, one of the first witnesses, was the first witness to see the bodies of the Rev. Edward Wheeler Hall and Mrs. Eleanor R. Mills, after they were found slain on the Phillips farm last called.

Special Prosecutor Wilbur A. Moss has not announced whether Mrs. Hall, widow of the rector, will be permitted to go before the jury, as she has requested.

The particular episode of the tragedy which officials say Sipel witnessed will put him in the position of corroborating the testimony of Mrs. Gibson, according to detectives. That Sipel would be a star witness before the grand jury has been known to officials in the case for days, they declared. His name comes up at this time, they say, because of a letter, attributed to Sipel's wife, which appeared in a New Brunswick paper while the grand jury still was in its first session.

Attack on Mrs. Gibson.
The letter constituted an attack on Mrs. Gibson for bringing Sipel's name into the case and stated that Mrs. Gibson sought to enmesh him as a witness to substantiate her eyewitness story of the murders.

Sipel did see certain of the events in De Bussey's lane the night of the murders, the officials now disclose. After the Hall-Mills tragedy, Sipel confided certain things to a friend, John Garry, who told Mrs. Gibson. Mrs. Gibson told the authorities, and that is how, said the latter, Sipel's story was obtained.

According to these officials, Sipel, driving toward New Brunswick on the night of Sept. 14, turned from Easton avenue into De Bussey's lane. He drove a light truck and carried strong headlights. He might have had two reasons for turning into the lane, said the authorities. His friend, Garry, lived there, and it also was a short cut to his home.

Officials Silent.
Something he saw or heard when he had proceeded a few yards up the lane caused him to stop, back out and continue home by the longer Pound Brook road. What Sipel saw or heard, the officials refuse to divulge until he appears before the grand jury. They also refused to say whether Sipel's pig truck, with the high latted sides, was the old-fashioned, high-backed car with strong headlights which Mrs. Gibson claims threw into striking relief the figures of the tragedy.

The proceedings yesterday were more than usually guarded. A squad of State troopers patrolled the courthouse and grounds.

Women, scores of them, came early. They hung over the dark, railed balcony inside the courthouse on the second floor. In the vain hope that Mrs. Hall, widow of the slain minister, or Mrs. Jane Gibson, might appear.

At the opening session, Moss, assisted by Asst. Atty. Gen. Beekman, prosecutor of Somerset County, outlined to the grand jury the salient features of the case.

Pearl Bahmer Testifies.
A stir was caused when Pearl Bahmer, who was with Raymond Schneider when the bodies were found, came through an underground passage from the jail to the grand jury room. She was on the stand only about 15 minutes.

Petition Circulated, Calling on Jury Head to Hear Mrs. Hall.

By the Associated Press.
NEW BRUNSWICK, N. J., Nov. 21.—A petition calling on Foreman Gibbs of the Somerset County grand jury in the name of justice to hear the story of Mrs. Frances Stevens Hall, was circulated today. The petition, signed by many friends and relatives of the widow, will be sent to Gibbs in Somerville.

The petition pleads that Mrs. Hall be given a square deal and be permitted to appear before the jury which is expected to return indictments.

London Drama Critic Dies.
LONDON, Nov. 21.—Austin Breckton, journalist and dramatic critic, died yesterday. He was born in Liverpool in 1862 and began his career as a critic in London in 1881. He later went to New South Wales and in 1884 was assistant editor of the Illustrated American of New York.

CLOSED QUAIL SEASON
CARRIES IN 6 COUNTIES

Results From Seven of 11 Coun-
ties Voting on Question Show
but One Against It.

Eleven Missouri counties voted at
the recent election on the question
whether there should be a closed
season on quail for two years. Re-
sults, so far as tabulated, have been
telegraphed to the Post-Dispatch as
follows:

Lincoln.
ELSBERRY.—There were 1708
votes for the quail law and 1486
against, giving a majority of 222
votes for the law, which went into
effect last Friday. It is said that
the vote will be contested.

Newton.
NEOSHO.—The proposition for a
closed season on shooting quail was
carried in Newton County by a vote
of 4030 to 2703 and by order of the
county the closed season was begun
Friday, Nov. 17, and will continue
two years. A test case is to be made
of the validity of the law. A Granby
man went hunting Saturday and shot
a quail in the presence of two wit-
nesses, who swore out a warrant for
his arrest. The case will be heard
by Judge Henson next Monday. The
hunter's claim is that he had a li-
cense to shoot quail this season until
Jan. 1 and the county could not re-
voke his license.

Clay.
LIBERTY.—Clay County voted for
a closed season on quail. The vote
was 4675 to 651. Notice has been
given by the County Clerk the law is
now in effect.

Phelps.
ROLLA.—The proposition to pre-
vent the killing of quail for two
years was carried, 1527 to 764. The
law is now in effect.

Schuyler.
LANCASTER.—The proposition
for a closed season on quail for two
years carried by a vote of 825 to
519. The law will become effective
Dec. 7.

Christian.
OZARK.—The closed season for
quail carried, 1169 to 544.

Boone.
COLUMBIA.—Boone County de-
feated the proposition for a closed
season on quail, 2397 to 2387.

ALLAN A. RYAN, FREED OF DEBTS,
PLANS WALL STREET COME-BACK

Former Daring Speculator, Dis-
charged From Bankruptcy, Has
Organized New Firm.

By the Associated Press.
NEW YORK, Nov. 21.—Allan A.
Ryan, who filed a voluntary petition
of bankruptcy with liabilities of
\$18,000,000 last summer, was dis-
charged from bankruptcy yesterday.
Although Ryan himself refused to
comment on his intentions for the
future, it was learned from close
friends that he has made careful
plans to come back in the financial
world that knew him for several
years as one of the most daring and
successful speculators in Wall
street.

Allan A. Ryan, Inc., was orga-
nized recently and it is believed that
Ryan now that he is free of his
debts will use his organization to
regain his former place in the world
of finance. The full membership of
the new company has never been
disclosed. It has been reported that
his father, Thomas F. Ryan, the
capitalist, from whom he had been
estranged, would come to his assist-
ance and place part of his immense
fortune at his son's disposal when
he was rid of his business embarrass-
ments. That report has never been
denied.

Ryan's liabilities amounted to
\$18,000,000, of which \$14,000,000
was owed to banks on pledged securi-
ties and the remaining \$4,000,000 was
to unsecured creditors. A large
quantity of stock of the Stutz Motor
Co. which Ryan attempted to corner
in Stock Exchange was pledged for
a large loan to a local bank. This
stock, which carried with it control
of the Stutz company, was later sold
to Charles M. Schwab of the Beth-
lehem Steel Corporation.

Allen A Quality—Grew Up
with the American People

Most of us can remember those boy-
hood shopping trips with Mother.

The long time she took to pick out
Underwear and Hosiery. The ques-
tions about wear—fit—fullness of size
—money's worth.

Things wouldn't be much different
today if it weren't for Allen A.

You may never have known that
they are made by the same people.
That the standards of style, fit, com-
fort, wearing service and money's
worth are the same in both lines.

It is this uniformity of quality that
is signified today by the Master Brand
Allen A added to these two celebrated
trade-marks.

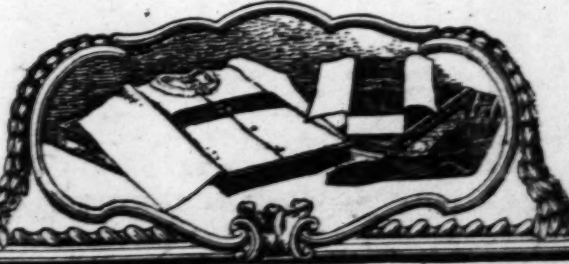

Allen A is the sign of the personal
responsibility on the part of the makers.

It simplifies the question of good
Underwear, good Hosiery, or both, to
finding the dealer who can show you
the Allen A Master Brand.

Allen A is the Master Brand on the
genuine Cooper's-Bennington Spring
Needle Knit Underwear and the gen-
uine Black Cat Hosiery.

Probably you have known one or
the other—or perhaps both—of these
celebrated lines for years.

Death Attributed to Liquor.
WOODLIN, Ill., Nov. 21.—The body of John Linsley, about 45 years old,

Sunday night. The police thought death had been superinduced by drinking "moonshine" whisky.

PROF. TIERNAN, WHO FIGURED IN PATERNITY CASE, QUILTS POST

Notre Dame Instructor Gives Broken Health as Reason; Will Practice Law in New York.

SOUTH BEND, Ind., Nov. 21.—Prof. John P. Tiernan has resigned his position as professor of law at Notre Dame University, and thus is brought to close another chapter in the famous Tiernan-Poulin paternity case. The official announcement of the resignation was posted on the students' bulletin board at Notre Dame yesterday. Although no comment is made by the university authorities, it is reported the resignation was due to pressure brought by the officers of the alumni association, who insisted that the university authorities cancel the contract held by Tiernan. The alumni association agreed to raise the money necessary to pay Prof. Tiernan for the term of the contract.

Tiernan will go to New York with his two daughters, Irene and Mary, if they are given to him by Judge Chester Montgomery in Superior Court when the cross complaint for divorce which he filed yesterday is heard. A third child, whose paternity Tiernan denies, will go with the mother, who failed to prove that Harry Poulin was its father. Judge Chester Dumb, in City Court, refused to question the child's legitimacy.

MAN WHO DESERTED FAMILY CHARGED WITH NONSUPPORT

Warrant Issued Against Lycurgus Wright—Wife Had Him Arrested on Bigamy Charge.

A warrant charging nonsupport, a misdemeanor, has been issued against Lycurgus Wright, 75 years old, on complaint of Mrs. Pearl Wright of 1815 South Thirteenth street. Mrs. Wright has related that Wright left her and their four small children, giving her \$5 for household expenses and did not return for 15 years. She worked for several years to support the children, who now are supporting her.

After Wright did return, as told yesterday, Mrs. Pearl Wright discovered that another Mrs. Wright, first name Mamie, was living at 1146 North Compton avenue, where Wright was rooming. She caused Wright's arrest, and asked the Circuit Attorney to issue a warrant charging bigamy, but as she had no documentary evidence of her own marriage at hand, the warrant was not issued. Mrs. Mamie Wright, who was arrested with Wright, has been released.

MAN TOSSED OVER WRESTLER'S HEAD FALLS INTO AN ICEBOX

Samuel Novitsky, 48 years old, of 1008 O'Fallon street, tried to learn the "flying mare" yesterday and came a cropper.

He was interested in wrestling holds and Steve Zakrzewski, 44, of the same address, volunteered to demonstrate. He tossed Novitsky over his head and Novitsky went headlong into an icebox. He suffered concussion of the brain and a scalp wound.

Zakrzewski was arrested, though both men said that the outcome of the demonstration was unforeseen.

BURGLAR AND MURDERER FREED

Latter Paroled Despite Adverse Report by Judge.

Special to the Post-Dispatch.
JEFFERSON CITY, Nov. 21.—Gov. Hyde Sunday paroled a negro burglar and a murderer. The negro was Joe Short, from Monticau County, who had served four years of a 10-year sentence for stealing some soda water from a bottling plant.

The murderer, Luther Anderson, of Audrain County, had served 11 years of a life sentence and was released because the prison physician said Anderson had tuberculosis. Anderson was convicted of having killed a neighboring farmer for a team of mules.

Five of the jurors voted to hang Anderson, according to Circuit Judge Gantt, who wrote to the Parole Board that he never would recommend Anderson's release. The five penal commissioners composing the State Board of Pardons and Paroles recommended both paroles.

Does the A. A. U. Think Charley Paddock Has Been Making His Records on a Phony-Graph?

Willie Hoppe Can Regain 18.2 Cue Title Tonight by Defeating Jake Schaefer

Victory for Champion, However, Will Result in Three-Cornered Tie if Horemans Defeats Roger Conti — Hoppe Has Best Average in Tourney.

By Leased Wire From the New York Bureau of the Post-Dispatch. NEW YORK, Nov. 21.—As a result of his victory over Eric Hagenlacher, the German champion, yesterday, Willie Hoppe has only one more obstacle to overcome to regain the 18.2 bailline championship he lost to Jake Schaefer last season, after holding it for 15 years. Tonight Hoppe plays Schaefer in the final match of the international tournament.

If Hoppe wins, he will have a clean record for the tournament, and capture the championship. But if he loses, then there is a possibility of a three-cornered tie. This can happen if Schaefer defeats Hoppe and if Edward Horemans, the Belgian title holder, takes his match this afternoon from Roger Conti, the Frenchman.

For the tournament, Hoppe has played more consistent billiards than the present champion. He has averaged 27.2-54 for 2000 points, while Schaefer has a mark of 22.25-56 for 1821. Hoppe played his worst billiards of the event yesterday, when in winning from Hagenlacher, 100 to 45, he averaged but 22.16-22. Schaefer in defeating Welker Cochran played well, turning in an average of 31.4-16, with an unfinished high run of 147 and another of 150. Hoppe's best run yesterday was 117.

Fails to Show Old Skill. Hoppe's play in the match against Hagenlacher was anything but of championship caliber. It was the ghost of his former greatness, as it was more by automatic caroms than by solidly compiled bailline that he managed to gain the victory.

The first 19 innings of the game were tedious. In this time the former title holder scored only 44 points, while the German player had accumulated only eight more. In the seventh inning, Hoppe took the lead with a run of 59, and five innings later he came through with 117, his best count of the day. He followed this with 23 and 32.

That the former king of bailline was very unsteady was evidenced by the fact that on two occasions, when juggling his cue for the shot, he had to step away from the table to steady himself before continuing.

Hagenlacher Loses Five. Hagenlacher, who was making his first appearance in tournament play in this country, did not win a match of the five played. Schaefer, in defeating Cochran, 100 to 20, showed the most complete mastery over the javies that he has exhibited in any of his matches. His unfinished 147 was a fitting climax to a remarkable strong performance.

Paddock's Records
May Cause Break
In A. A. U. Ranks

Southern Pacific Body, Through
Its President, Files Protest
Against Rejection.

By Leased Wire From the New York
Bureau of the Post-Dispatch.

NEW YORK, Nov. 21.—The ques-
tion of whether or not Charles W.
Paddock of the Los Angeles A. C.
and the world's greatest sprinter, can
run five yards in one-fifth of a sec-
ond may be responsible for a break
between the Southern Pacific Asso-
ciation and the Amateur Athletic
Union.

Paddock's application for seven
new sprint records, although ac-
companied by affidavits as to the
correctness of time and other regu-
lations, was not approved by the A.
U. delegates at the opening ses-
sion of the yearly convention here
yesterday afternoon.

The report of the Record Com-
mittee, which met Sunday, but which
was not read on the floor of the
meeting, declared that Paddock's
American records were rejected be-
cause it was not possible for even
the flying Paddock or any other hu-
man being to run five yards in one-
fifth of a second.

Paddock made his seven records
in one race at 175 yards at Santa
Barbara, Cal., on July 4, this year.
In his application the record for 75
yards was 7.5 seconds and for 50
yards 7.4 seconds.

Coast Association Protest.

The news that the Record Com-
mittee had voted to reject Paddock's
records reached California yesterday
morning and Robert S. Weaver, pres-
ident of the Southern Pacific Asso-
ciation and a former president of
the A. A. U., sent the following to
Lorrin Andrews of Honolulu, who
represented the Californians at the
meetings:

"Read in the morning papers
that Paddock's records were re-
jected. Protest is herewith en-
tered. Records are O. K., as all
conditions were met. If these re-
cords are not passed our association
will consider it an affront on the
honesty and integrity of our asso-
ciation. We will fight to the finish.
Take matter up immediately."

It can be said that Andrews made
a good fight for the Southern Pacific
Association and Paddock, as the re-
port of the Record Committee, which

BERMUDA TENNIS CLUB
JOINS U. S. ASSOCIATION

The membership of the United
States Lawn Tennis Association has
been increased by the addition of
the Bermuda Tennis Club of Ham-
ilton, Bermuda. A total of 11 for-
eign clubs now hold membership in
the national body.

Four of the clubs are located in
United States possessions. They are
as follows: Beretana T. C., Hono-
lulu; Hawaii Polo and Racing Club,
Honolulu; Lahaina T. C., Lahaina,
Hawaii; and St. Thomas T. C., St.
Thomas, Virgin Islands. There are
three clubs in Havana, Cuba, name-
ly: Vedado T. C., Cuba Tennis Club
and the Ferrovial Club. The Re-
forma Club of Mexico City, the Busi-
nessmen's Club and the El Tigre
Club of Sonora are the members in
Mexico.

rejected the seven records, was not
even read to the delegates. After
considerable discussion pro and con,
the question was referred to the in-
coming Record Committee for fur-
ther investigation. This committee
does not meet until next November.

The discussion of Paddock's re-
cord and the supervision of athletics
for women by the national body took
up most of the afternoon session.

Louis Goldsmith, chairman of the
Current Record Committee, declared
that the members of his committee
used common sense when it came
to Paddock's application because
they didn't think it within the pow-
ers of any man to run five yards in
one-fifth of a second and that if the
75-yard record was correct the 50-
yard one could not be.

Pittsburg Pulled
Biggest Surprise

Defeat of Unbeaten W. and J.
Eleven Was Entirely Unex-
pected, Camp Says.

By Walter Camp.

(Copyright, 1922.)

NEW YORK, Nov. 21.—There are
some great things to be said of cer-
tain football teams of the country
now that it has been possible to sub-
ject late games to cold analysis. It
is possible to give credit where cred-
it is due. First of all, Princeton
made final disposal of the reiterated
statement that her team had nothing
in football except the art of picking
up a loose ball. In the Chicago and
Harvard games Princeton showed
that the nonstar aggregation trained
by Bill Roper also could carry the
ball.

In the Yale game the Tigers
showed a real attack when it was
most needed. That time came at the
psychological moment when Yale
kicked off to them at the opening
of the third quarter. The Nassau
warriors already had demonstrated
a sterling defense against a really
powerful attack headed by Jordan,
a man extremely difficult to stop.
The previous period had ended with
Yale coming strong. Everybody ex-
pected to see the Blue work its way
down toward Princeton's goal line
when the teams took the field after
the intermission. When Princeton

received the kickoff, however, she
opened almost at once with a beau-
tiful forward pass. Then the Tigers
showed their best running attack of
the year and two deceptive plays, by
the second of which Beattie made
the longest run of the game, they
were actually knocking at the Yale
goal.

Bill Roper and Princeton are to
be heartily congratulated upon a
team and an array of substitutes,
every man of which not only could
fight but was a smart, clever think-
ing unit with individual initiative
and a football head.

Brown Has Deceptive Attack.

Brown, too, comes in for a neces-
sary measure of praise for an at-
tack developed by Robinson and
Reggie Brown which consisted of
something more than just pounding
up into the line. This attack was
broad enough to extend and deceive
opponents. It gave Yale trouble and
defeated Harvard.

Great credit is due Penn and Coach
Heisman for having surmounted
many handicaps. The Red and Blue
came back courageously after having
lost to Alabama to defeat Penn State.
Auburn was not a bit frightened at
the reputation of Centre and had the
nerve to take the measure of the
Kentuckians. Kentucky University
could not be alarmed by the con-
querors of Penn either and treated
Alabama to a dose of her own medi-
cine.

Ohio State deserves full praise for
the fight Wiles' men made against
Iowa, but an equal amount of credit
is due Iowa and Howard Jones, for
although Ohio State twice went into
the lead, the Iowans still had the
pluck to come back and overcome
those leads and pull down a victory.

Perhaps greatest praise should go
to Glenn Warner's Pittsburg men.
With tough schedule and after
suffering galling defeats, they had
faced the prospect of having another
team run rough shod over them.

For Washington and Jefferson was a
team which had not met defeat,
which had laid the mighty Lafayette
team low and which was considered
by many leader of the Eastern ag-
gregations. In addition, W. & J. had
such stars as Wiederquist, Erickson,
West and Basista, yet Pitt defeated
this aggregation, 19 to 0. That was
indeed some triumph.

BOSTON, Nov. 21.—Lewis Bogash
of Bridgeport, Conn., won the de-
cision over Bryan Downey of Co-
lumbus, O., in a 16-round bout here
last night. Downey had the advan-
tage in only one round. In the sec-
ond Bogash floored Downey twice.

JEFFERSON CITY HIGH
TO PLAY ST. LOUIS U. HIGH
SATURDAY AFTERNOON

The Jefferson City High School
football team will meet the St. Louis
University High School eleven at
Sportsman's Park at 3 o'clock Sat-
urday afternoon. A 59-to-0 victory
over Liberty High School and a
39-6 score against another county
machine indicate the Jefferson City
punch.

Nelson Ward, the pivot man of
the Jefferson City team, is being

boosted for the center position on
the "All State" High School eleven.
"Tony" Schupert, a halfback, is
praised as an open field runner.
Clarence "Green City" Irwin, the
fullback, is the idol of the Jeff City
gridiron. Irwin is a terrific line
smasher, according to the reports
received from out in Missouri and is
also a kicker to be feared. He
weighs about 175 pounds.

The Billikens have defeated Mc-
Kinley, Cleveland and Belleville. Sol-
dan defeated the Blue and White,
4-0. That is the only setback suf-
fered by the St. Louis U. High in
three years.

We would no more think of prom-

than we would of telling you how
many lumps of sugar you want in

But we can say that El Producto
seems to please a big majority of
the smokers who buy the higher
grade cigars. And that statement
isn't just guess work, either. Our
figures show that El Producto is the
fastest selling high grade cigar in
America.

If it is a pretty safe bet that you will
like El Producto. It costs very little
to try one and if you do find that
the El Producto blend suits your
taste you have done both yourself
and us a good turn.

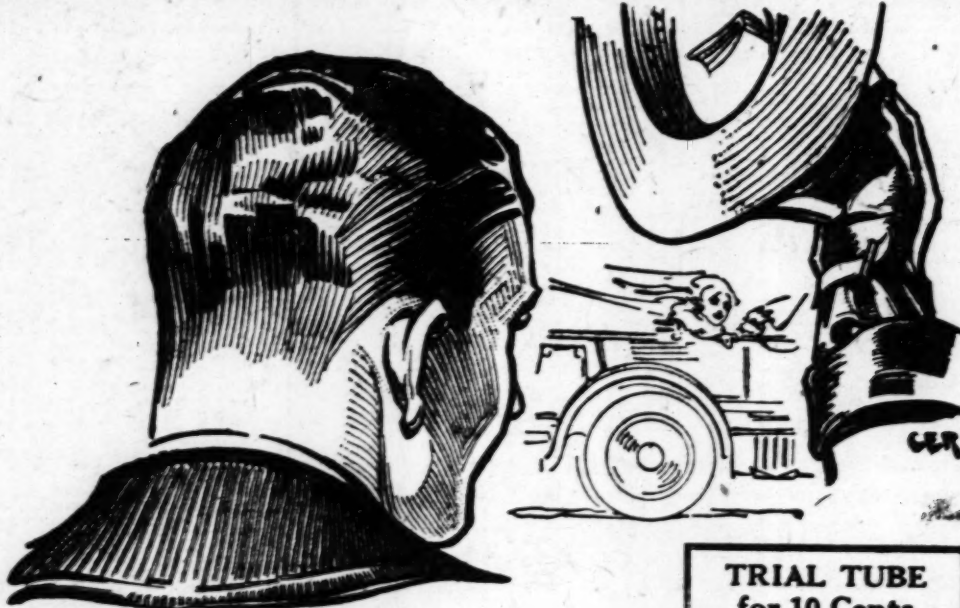

You have found the very sort of
cigar you have been looking for, and
that's some find for a real cigar lov-
er, isn't it? And what's more, you
have the assurance that you can get
that cigar in whatever shape and
size appeals to you most at prices
ranging from 10c to 30c.

Mr. Smoker, will you take our
word for the fact that El Producto
is a well balanced blend of the choic-
est Havana tobacco in a flawless
shade-grown wrapper? Will you
take our word for the fact that that
uncopyable blend gives a distinctive
character that you will find in no
other cigar? Take our word for
those things long enough to try your
first El Producto.

After that, let your judgment be
your guide.

The Style
in Combing the Hair

This Will Train the Hair at Once

"Parted in the middle and straight back" is now the stylish
way to comb the hair.

You simply apply Stacomb, then comb or brush the hair and
it stays as you want it, no matter how you've brushed it hereto-
fore. Regardless of how unruly your hair has been before, it
will stay combed as you comb it with Stacomb.

Stacomb—greaseless, stainless—not a liquid,—leaves the
hair naturally pliable,—soft and glossy.

Due to its widespread and instantaneous success with the
new style in combing hair Stacomb has become within eight
months the fastest selling product of its kind.

Thousands use it who wish merely to
control unruly hair. But more thousands
now desire it to change to the new style.

The Natural Way

The natural oils in Stacomb are absorbed by
the scalp. They don't stay on the hair, so col-
lect no dust. And Stacomb shows only in a
neatly combed effect with natural gloss.

Stacomb is the natural way to keep the hair
well groomed, and every careful dresser will
adopt it when he knows.

See how it affects your hair—how your hair
looks combed in the new style.

Send ten cents for a trial tube.

Ask your barber for a Stacomb rub.

Women

will find Stacomb of great
assistance in keeping stray
locks in place. Accentu-
ates the natural color and
retains the silky lustre
and rich gloss. Restores
natural oils after perman-
ent waving.

Prevents singeing, crack-
ing and breaking off when
curling the hair.

Try after shampooing.
Far superior to bandol-
ines, brillianines, etc.

Fine for training young
boys' hair to stay brushed
properly.

Butcher hogs, 180 pounds and up, generally opened at \$7.50, 140 the spot price. Light hogs, 120 pounds being largely at \$7.75, 60-70. The market at the opening was principally in the hands of city butchers and to a lesser extent the big packers. The market to do in early after the opening, there in good butcher hogs showed some strength and by the middle of the day the market was firm to light with sales largely at \$7.80, 60-70. The light shipping hogs, 120-140 pounds, were generally 100-120 lower and sold in about the same range as the light butchers. There were liberal orders here from the East and there was a fair movement at the decline. Light hogs, 120-140 pounds, were hit harder than any other on a scale. These were offered freely, and while ex-

The Proof of True Friendship

By Thornton W. Burgess

Naught better can life give to you Than friendship which is staunch and true.

THE young Fox did not struggle when he was picked up by Farmer Brown's Boy. To be sure, he cast many longing glances through the Green Forest and over the Green Meadows as he was carried back to Farmer Brown's barnyard, but not once did he try to escape. All the way there Farmer Brown's Boy talked to him in gentle tones.

As soon as they reached the barnyard Farmer Brown's Boy made the chain fast to the post where it had been fastened before. Then he left the young Fox and went into the house. When he came out again he had a plate piled high with food. My, how the eyes of that young Fox glistened! He could hardly wait for Farmer Brown's Boy to set that plate down. You see, he had had nothing to eat for a day and a half save a few beetles and insects. He fairly gobbled that food down. Yes, sir, he gobbled it down as greedily as any pig.

Farmer Brown's Boy smiled as he watched. "It was just as I thought," said he. "You couldn't catch any food with that chain, and you must have been half starved. My, but I'm glad I found you. If I hadn't you would have starved to death, and that would have been dreadful. Now I am going to leave you for a good rest, and then I'll have a surprise for you."

The young Fox licked the plate clean, and then curled up for a nap. It was a terrible disappointment to be back there a prisoner again, but it was better than being helpless over in the Green Forest. He knew that it wasn't likely he would be able to get that chain free again, and so as he dropped off to sleep it was with the feeling that he would probably always be a prisoner.

Early the next morning Farmer Brown's Boy brought him his food as usual, and stood by and watched him eat it. Then for a few moments he petted that young Fox, patted him, tickled him behind the ears, and all the time talked to him. Finally he picked the young Fox up in his arms and unfastened the chain from the collar.

Fashion News Notes

NEW YORK.—A little bolero jacket effect is seen on some of the new nightgowns in tailored white radium silk shown here today. The jacket is more apparent than real, being merely outlined by pleated satin ribbon. Many of the new nightgowns substitute a very wide shoulder strap for sleeves.

PARIS.—Paris is confronted by a serious problem today. How to maintain the straight, slim lines that Parisiennes so ardently desire and at the same time bulge out into the fullness which the courtesies have decreed. Yet the impossible has been accomplished through the front godet. This permits of width while not interfering with the clinging, slender effect.

NEW YORK.—Ruffles are beginning to come back today on the newest lingerie. Step-ins, camisoles and even undersuits of silk and linen have tiny ruffles edged with flit lace. As for nightgowns, they often make a wide ruffle or a cluster of narrow ones do instead of a sleeve.

NEW YORK.—One of the newest fads today is intended more for ornament than for vigorous use. It is made up of bronze uncurled detrich plumes, which twine crazily this way and that, with vast gaps between. The feathers are held in place by mere wisps of bronze chains and gathered into a blue enameled stick.

Uncle Sam Says: Removing Stains From Clothing

The removal of stains from clothing is a necessary feature of the laundering and general care of clothing and other household textiles. Most stains may be removed easily at home, provided reliable methods are known, and a few simple precautions are taken. In all cases prompt treatment is desirable, since stains are easier to remove when fresh.

This booklet describes and illustrates the methods of removing nearly all kinds of stains and contains a table giving the treatment necessary.

Readers of the Post-Dispatch may obtain a copy of this booklet free as long as the free edition lasts by writing to the Division of Publications, Department of Agriculture, Washington, D. C., asking for "F. B. 861."

MAXIMS OF A MODERN MAID

By MARGUERITE MOOERS MARSHALL

Being subtle with a man is like using a feather duster on a pig's back; he may be tickled, he may be annoyed, but he probably is too thick-skinned even to realize what you're doing.

When a woman feels utterly desperate she buys a new hat. When a man feels the same way he buys a drink. Since millinery is still more expensive than moonshine, we have here another proof of the great truth that it's always the woman who pays, etc.

The romantic hero who died for the sake of the woman he loved at least didn't live with her as a wife long enough to wish he could!

Before marriage a girl's lightest words are to her lover like the pearls which fell from the lips of the fairy-tale Princess; after marriage he merely wonders why she talks so darn much!

It must be so nice to be a man: When he gets tired of a woman he can always explain nobly that he realizes he isn't good enough for her—and of course there's no argument!

The things a woman forgives in a man before marriage are the things she finds it hardest to forget afterward.

If a bachelor is a gay dog, a "misunderstood" married man is a lost dog—always ready to follow home any kind voice or caressing hand.

The hardest thing about being fitted for either man or woman is to live up to the expectations of one's romantic friends—all of whom expect the worst!

A lover's sins are of commission; a husband's of omission.

"I could not love thee, dear, so much, loved I not honor more," sang the poet of yesteryear. But in sober modern prose a man loves his own comfort first, then "dear" and—perhaps a bad third—his "honor."

One wonders how often the American husband appreciates his wife's Spartan struggles to "keep her figure"; but then, one wonders how often the struggle is made for HIM!

The Man on the Sandbox

SAY IT WITH SOAP.

SENATOR NEWBERRY changed his mind. Senator Newberry has resigned. Senator Spencer, his pal so true, sits in silence the whole day through. Stilled are the tongues in the old debate. Senator Newberry pulled his freight. Senator Solons assembled there. See how signs in that vacant chair.

TOO TRUE.

Thomas Edison says that college men object to work. In which they are pretty much like anybody else. Work is an acquired taste.

EVEN SO.

A FOOL there was and he went to school. Even as you and I. He learned his lesson by rote and rule. And he played an elegant game of pool.

Even as you and I. Oh, the years we waste and the tears we waste. And the tedious tasks we shrink! Belong to the guy with the facile toe. Who bucked the center and tackled low. But he was too strong to work.

"Busy Demands Recount." Evidently believes that a guy is never out until he is counted out.

The Big Three having simmered down to the Big One, Princeton can view the Harvard-Yale game with more or less equanimity.

Detroit sportsmen are planning to hunt polar bears with seaplane. So if the polar bear should climb the North Pole to get out of their reach they can go up in the air and get him.

GOING DOWN.

"To Build a Stairway to Paradise," from the Follies of 1922. Off hand one would think that a stairway constructed of that material

that would lead in the opposite direction. "Jelly Rides Three Winners." It's a cold day when they get Jelly in a jam.

President Harding has set aside Dec. 8-9 as "Education Week." You can't learn much in a week, but every little bit helps.

OUR SLANGUAGE.

A LITTLE learning now and then is relished by the best of men. And so they've set aside a week to study Latin, French and Greek. The scholar who then graduates may learn to speak United States.

LIONIZED.

France may have given Clemenceau a cold farewell, but America didn't do a thing but make a lion out of the old "Tiger" as soon as he landed.

Princeton celebrated Tiger day by trimming Yale 3-0. A small margin, 'tis true, but a trimming, nevertheless.

The passing of Newberry was the result of passing the hat and the buck in election expenses.

Senator Newberry, having been slipped the raspberry, is probably feeling like a blueberry.

It is said that there are 200 bootleggers in Washington and all doing a capital business.

MY FAVORITE STORIES

By IRVIN S. COBB.

A FAMILY OF IMITATORS.

IN the old days there was an ex-miner who opened a hotel in Reno, Nev. Alongside the clerk's desk he installed a cigar stand and stocked it. One day a traveling man, who had sold him his original supply and who was in the habit of serving him, dropped in and inquired whether there was anything in his line that the proprietor desired today. Sure, said the ex-miner. "You kin ship me another thousand of them Madros cigars. You needn't send me any more of them punks made by Colorado Mader. And, say, who in thunder is this young Clara Madros who's busted the cigar business and is cryin' to get away with it by tradin' on the family name?"
